

## INVENTORY

### YACHT: CELADON

### DESIGN: ELLIOTT 1650 TOURER

The Elliott 1650 Tourer is a performance cruising yacht built in a country renowned for its high quality boatbuilding and suitable for shorthanded blue water cruising. The designer incorporates an innovative pilothouse concept which has been embraced by coastal and ocean sailors. A lifting keel provides exceptional performance and allows access to relatively shallow harbours and anchorages. With all the trimmings of a North Lights generator, safety equipment and a full package of Nexus electronics, including Nexus autopilot, this yacht is fully equipped and ready for blue water sailing.

**Launched:** 2009  
**Builder:** Harbour Yachts

#### Specifications

LOA	16.4m
DWL	14.95m
Beam	4.78m
Draught keel up	2.0m
